| **Project Name** | Streamlining IT Procurement: Automating Standard Laptop Orders with Flow Designer |
| **Maximum Marks** | 2 Marks |

### Customer Problem Statement Template:

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love.

A well-articulated customer problem statement allows you and your team to find the ideal solution for the challenges your customers face. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

| | | |
|---|---|---|
| **I am** | Describe customer with 3-4 key characteristics; who are they? | Describe the customer and their attributes here |
| **I'm trying to** | List their outcome or goal for the current task; what are they trying to achieve? | List the thing they are trying to achieve here |
| **but** | Describe what problems or barriers stand in the way; what bothers them? | Describe the problems or barriers that get in the way here |
| **because** | Enter the "root cause" of why the problem or barrier exists—what needs to be solved? | Describe the reason the problems or barriers exist |
| **which makes me feel** | Describe the customer's emotional state—how does it affect them psychologically? | Describe the emotions the result from experiencing the problems or barriers |

| I am | I'm trying to | But | Because | Which makes me feel |
|---|---|---|---|---|
| a traveler | book flights on my phone | it takes a long time | The website is not responsive and doesn't have a mobile version | **Frustrated** |

### Example:

| Problem Statement (PS) | I am (Customer) | I'm trying to | But | Because | Which makes me feel |
|---|---|---|---|---|---|
| **Example** | a traveler | book flights on my phone | it takes a long time | The website is not responsive and doesn't have a mobile version | Frustrated |
| **PS-1** | a corporate employee | order a standard work laptop through the IT Service Catalog | the request approval and fulfillment process takes weeks | the procurement workflow relies on manual email approvals and disconnected asset logging | Frustrated and delayed in work |
| **PS-2** | an IT Procurement Officer | fulfill standard laptop requests quickly and update inventory accurately | I spend excessive hours manually copying data between forms and emails | there is no automated Flow Designer workflow integrated into the Service Catalog | Overwhelmed and inefficient |
